

# Yash Jadhav

AI and Data Science Engineer

M: 8767678794  
Github: HumanyYash

E: jadhavyash264@gmail.com  
LinkedIn: jadhavyash

## Summary:

Final year Engineering student in AI & DS, specializing in Python & VLC. A self-motivated quick learner with a positive approach & growth-oriented mindset. Interested in Geopolitics and finance. Goal is to use engineering knowledge to create a positive impact in society through data-driven approaches.

## Education:

Course	B.E A.I and D.S
Period	May 2020 - July 2024
Ranking From	CGPA: 8.7 K.K.W.I.E.E.R, Nasik, India

## Internships:

- **Nutshell Infosoft PVT.LTD.** (Offline), Dot Net Trainee Developer Intern, Feb 2023 - Apr 2023. Technologies: ASP.Net, Entity Framework, SyncFusion, C#, Blazor, MVC.
- **IEEE** (Remote), Data Scientist Intern, Jul 2022 - Aug 2022. Technologies: 'R', Python libraries (numpy, seaborn, pandas, viz), Tableau, Terraform.
- **Cariktire** (Remote), Web Developer Intern, May 2021 - Nov 2021. Technologies: Cloud Platform.
- **Internshala** (Nashik), Brand Ambassador Intern, Jun 2020 - Aug 2020.

## Accomplishments:

- Achieved the 4-star Coder badge at Code Chef
- Secured 1st Rank in Intercollege Hackathon in 'Telekenisis' competition
- Led the team 'Humany Voyage' which secured 2538 rank out of 12000+ teams in "Google Hash Code 22"
- Achieved Google Cloud Ultimate Milestone in 2021
- Participated in BOB hackathon 2022 achieved top 10 position

## Projects:

1. **Chakkshyu Smart Glasses:** Research project aiming to offer one-stop solution in eyes caring.
2. **Samyugna Offline Meeting E Platform:** Developed Hardware + Software prototype project.
3. **CG game:** Implemented shadow and movements using Unity 3d , Blender , used Oculus for VR experience .
4. **Cross spade game:** Developed gaming APP using Java Spring boot at initial for the backend Second iteration with Swift and Android Studio and Kotlin.
5. **DBMS AI Library manager:** Utilized HTML, CSS, JS, PHP, MySQL for data storage And Updated version includes React Js, Laravel along with Postman
6. **BOB Cheque Processing:** Studied Image Processing, Neural Network, Machine Learning, OCR Reading, Image Retrieval.

## Certifications:

- **Exploring and Preparing Data your Data using Big Query** by Google Cloud Community India
- **RDBMS ,C++,Python and Java Skill Test Test** by Spoken Tutorial by IIT Bombay
- **Cyber Security Training** by AICTE
- **Microsoft AZURE AZ 900** certification by Microsoft Cooperation
- **Essential Data Base Certification** by Oracle Cooperation

## Training:

- **Zensor Pre Training And Certification Program (2022-Present)**, Issuing Organization: Zensor Tech. Technology: NoSQL,Oracle 11g, DBMS Advance Java ,OOPs
- **Certificate course in Advance Python for Data Science (1/12/2021 -21/12/2021)**, Issuing Organization: K.K.W.I.E.E.R, Major: Understanding Exploratory Data Analysis, NLP: Speech Analysis, Sentimental Analysis, Web Scrapping
